Vegan Hazelnut Protein Shake

Alkalized Cocoa Powder - M1 (Altinmarka)
Provides an indulgent chocolate taste and rich flavour profile, helping to create a satisfying experience with low sugar content.

CAREFIBER™ Inulin C90 (Caremoli)
Adds prebiotic fibre to support digestive wellness and contributes to satiety.

COMPLEX™ 21 P (Ulrick+Short)
Pea protein enables plant-based protein enrichment while supporting functionality and texture.

ERYLITE® Stevia 400 (Jungbunzlauer)
Delivers sugar-free sweetness while keeping calories low and maintaining a clean, pleasant taste.

FAZENDA™ LIETO F (Ulrick+Short)
Sunflower seed flour, which creates a creamy, smooth and indulgent texture while adding plant-based protein and fibre.

Natural Chocolate Powder Flavoring SC1481749
(tastepoint® by iff) Enhances the authentic chocolate taste, delivering indulgence without adding sugar.

Natural Hazelnut Powder Flavoring SC1544084
(tastepoint® by iff) Adds a smooth, nutty taste that complements the chocolate profile and elevates overall sensory appeal.

NutriPlant All-in Premix FA11629 (dsm-firmenich)
A comprehensive plant-based premix combining 23 essential vitamins and minerals for all-in-one micronutrient support.

Xanthan Gum FF (Jungbunzlauer)
Improves texture and mouthfeel, providing a creamy, smooth consistency that enhances satiety perception.

ANGEOPRO™ F84 (Angel Yeast)
Sustainable, allergen-free yeast protein. Ideal for boosting protein content in vegan foods.
