

ALL YOU
NEED IS

NORCOMP silicone- & fluorosilicone compounds

Custom made solutions

Benefits

Customized compound

Samples from 1 kg

Single-component, ready-to-use

Peroxide or platinum-cured

Elastomeric behavior from -100 °C to 300 °C

Weather, ozone & UV resistance

Excellent chemical resistance (FVMQ)

Rebound or damping

Color-matching

Shore A 05 - Shore A 90

Low compression set (DVR)

High elongation at break, tear-resistant

Electro-/thermo-conductive

Plasticizer-free

Food & water contact approved

Regulatory compliance
