

# NORCOMP Silicone & Fluorosilicone Compounds

## Precision. Performance. Partnership.

**Your specific needs – our custom-made solution.**

With over 20 years of expertise, Nordmann delivers high-quality silicone and fluorosilicone compounds designed for demanding applications. As an independent compounder, we combine technical know-how with flexibility to create solutions that meet your exact requirements.

From formulation design and development to customer support and sales, Nordmann offers a comprehensive service package. Our compounds provide exceptional temperature resistance, media stability, and customizable properties for niche applications – including aerospace, rail, and dynamic environments. Whether you need improved tear strength, optimized compression set, or specialty additives, NORCOMP ensures the right mix for your success.

### **Why NORCOMP?**

- Tailor-made compounds for your application
- Broad range of silicone and fluorosilicone solutions
- Compliance with DIN-ISO, ASTM, VW-TL, DBL standards
- Trusted partner for innovation and quality

**Ready to find the perfect compound?**
