Bio+ Resveratrol® by layn

RESVERATROL WITH ENHANCED BIOAVAILABILITY

4X more Resveratrol to the body, faster, more cost effectively, and in smaller doses.

100% NATURAL INGREDIENTS

Proprietary BIO+Technology with Mesoporous Silica

Bio+Resveratrol from Polygonum Cuspidatum is a potent antioxidant suggested for numerous health & wellness benefits.
Resveratrol is one of nature's most powerful polyphenols. However, regular Resveratrol has poor bioavailability.
Layn's Bio+Resveratrol provides the perfect solution to replace standard Resveratrol in your formulas, enhancing its bioavailability.

Numerous Studies Support the Health Benefits of Resveratrol for Humans & Animals
